

## PML SD Business School Students Explore Industry Insights at NIPM Punjab Chapter Workshop 🎓

Our students enthusiastically participated in the One Day Workshop on Labour Codes organised by NIPM Punjab Chapter at PHD Chamber, Sector 31, Chandigarh on 23-05-2026. The event brought together renowned experts, policymakers, legal professionals, and industry leaders to share valuable insights on emerging labour reforms and industry practices.

The students actively contributed to the smooth coordination and management of the event while gaining experiential learning and practical exposure through interactions with distinguished dignitaries and professionals.

Such industry-academia engagements continue to strengthen professional learning and leadership skills among our students. 🌱📚
