

WORLD ENVIRONMENT DAY

World Environment Day 2026

On the occasion of **World Environment Day**, the faculty, staff, and students came together to take the **Environment Protection Pledge** and actively participated in a **Plantation Drive**.

The initiative reaffirmed our commitment towards environmental sustainability, conservation of natural resources, and creating a greener future for generations to come.

Every sapling planted today is a step towards a healthier planet tomorrow. Let us continue to nurture nature and contribute to a sustainable world.

 *"Plant a tree today, grow a better tomorrow."*
